

# Rules Supplement (v1.32)

Season Ticket Baseball

February 5, 2023

Version 1.32 of the rulebook was recently uploaded to [www.seasonticketbaseball.com](http://www.seasonticketbaseball.com). This included the following changes since Version 1.30 (released July 2022):

## Page 8:

The name of the “Bunt Flowchart” was changed to “Two Strike Flowchart” (because it can be relevant to both bunt plays and hit & run plays). This change is cosmetic and doesn’t change any of the underlying rules.

Some changes have been made to the table for *Bringing the Infield In*. (This has also been updated on the Strategy Card).

“Rare Plays on Challenges”: the result for “1-1-1” (rolling three 1’s) was changed from “Catching Error” to “Throw Off-Line”:

<b>1-1-1</b>	<b>Throw Off-Line.</b> The throw is in time, but pulls the fielder off the bag. (For a throw by a <i>catcher</i> , <i>pitcher</i> or <i>infielder</i> on a batted ball, record a throwing error.)

## Page 17 (Optional Rules):

“Advancing on the Throw” has been modified to create a small chance that the trail runner is thrown out trying to advance.

## Page 17 (Optional Rules):

The rule for starting pitchers getting “Blown Up” was changed to a flat 5-run limit, regardless of the pitcher’s Stamina rating.

## Page 18 (Optional Rules):

The following section was added to clarify the official scoring on outfield assists:

### Outfield Assists

Use the following official scoring for runners being thrown out from the outfield:

	<b>Out at 2B</b>	<b>Out at 3B</b>	<b>Out at Home</b>	
			<b>(R3/R2)</b>	<b>(R1/B)</b>
<b>LF</b>	<b>7-4</b>	<b>7-5</b>	<b>7-2</b>	<b>7-6-2</b>
<b>CF</b>	<b>8-4</b>	<b>8-5</b>	<b>8-2</b>	<b>8-6-2</b>
<b>RF</b>	<b>9-6</b>	<b>9-5</b>	<b>9-2</b>	<b>9-4-2</b>

Note that throwing a runner out at home on an extra-base hit includes a relay throw from one of the middle infielders (e.g. **7-6-2**, **8-6-2**, **9-4-2**). Both the outfielder and infielder are credited with an assist.
